**Still struggling with pain, poor sleep, sleep apnea, or
the aftereffects of military life?**

**Facing surgery-or stuck on meds you'd rather be free from?
There's a reason most solutions haven't worked, they
don't treat the body at the cellular level.**

**Join us for a free, eye-opening session focused on how light-yes, light-
can stimulate your body's natural repair systems.**

- Relieve pain in minutes-without needing meds or machines
- Support your body's healing with no chemicals, pills, or side effects

NO DRUGS. NO NEEDLES.

NO INTERFERENCE WITH MEDICATION.

**Just a powerful tool that works
with your body's own healing
mechanisms.**

Bring a friend or two.

**Lets talk healing, hope,
and taking control-
starting at the cellular level**
